This is a free translation made for the sole purpose of generating interest in the series. If you're part of a translation group and feel interested in picking up the project, please feel free to do so, as I've no plans on continuing at this time due to my current level of Japanese. Translation groups are encouraged to go back and correct any mistakes I may have had in my translations. I just felt like shedding some light on this cute little series.

Oh, right, and if you paid for this, you got ripped off. Go back to the dude that sold it to you and get your money back.
